Jamestown Company Receives Workplace Safety Award

NASHVILLE – Tennessee Department of Labor & Workforce Development Commissioner James G. Neeley, on behalf of Governor Phil Bredesen, will award the SHARP Award to Micro Metals, Inc., of Jamestown, Tennessee. The Safety and Health Achievement Recognition Program (SHARP) Award is one of the state's highest honors for workplace safety and health.

Designed for the smaller employers (employing fewer than 250) in high-hazard industrial classifications, the SHARP Award program provides incentives and support for companies that are approved for participation. The main incentive for participation in the SHARP program is the desire by employers to promote a safe and healthy workplace.
